67-99

Office note.

Re his letter no 682 dy 27th April 1901, the President of the Sanitary Board, Kolar Gold Fields requested sanction to certain expenditure incurred by the Board & as the Comptroller had taken objection to the same ~~in of the objectionable items~~, the construction of 2 temporary slaughter house at a cost of Rs 287-4-7 being one of these objectionable items.

2. In this office docket No. 15329/17-99 dy 15.5.01, the President was asked to state under what circumstances the slaughter houses were constructed, whether such construction was authorized by the Sanitary Board, why previous sanction of Govt. was not obtained for erecting the buildings, and

what steps were taken in
regard to the construction
of 2 Slaughter houses
for which there was a provision
of Rs 4000 in the current
year's Sanitary Board's
budget and how the
temporary buildings were
utilized after the construction
of the pakka buildings.

2. The President now reports
that, owing to delay made by
the Sanitary P. W. Department
in regard to the construction
of the pakka buildings which were entrusted
to that Department and in
order to avoid the loss accruing
to the Board for want of these
buildings, he had caused 4 tem-
porary buildings to be erected
at different centres, that the
contractors for the 2 Slaughter
houses near Gorjam Saiete
not only constructed the sheds
at their own cost but paid also
Rs 2900 to the Board for the
mere privilege, That as no
body came forward to build
the other 2 sheds under the above conditions

the Board had to erect them at a cost of Rs 287, that of the construction a license fee of Rs 560 was recovered and that, as the expenditure on these slaughter houses was more than covered by the amount realized by the sale of the license, he considered that Govt. sanction was unnecessary

He further complained that the delay caused by the D.P.W. in constructing the weekly market & slaughter houses has resulted in a loss of several thousands of rupees to the Sanitary Board, as it is impossible to levy any market fees owing to the want of a proper enclosure

The Ch. Engr. may be written to about this

L.B.B.

Note. I understand that the Klondish Lee & Young Kenders revised plans and Estimates, re certain works to be carried out in the Kolar Gold Fields. As soon as they are received, please send them to the Dy Comr Kolar for transmission to the Lieutenant Board for opinion as to their suitability &c. I believe the Board has to pay the cost - it may perhaps be necessary to increase the amount of loan sanctioned.

Dated the 28th June 1900.

From

The President, of the
Local boards in the
Kolar District

To

The Secretary to the
Government of Mysore
Rev and Genl Depts

Sir,

In Government order No
5301-2 L.717-99 of the 3rd November
1899 the construction of
(1) A market
(2) Slaughter houses
(3) a Sanitary Inspector's lodge
(4) a Sanitary Overseer's lodge
in the Kolar Gold Fields was
sanctioned. Thereupon the President
of the Sanitary Board of the Kolar
Gold Fields (Mr. Hume Wright)
gave

gave out the works on Contract,
the 1st to one Mr. Burke and the rest
to one Mr. Gujjurappa. But in the
budgets subsequently received, it
was stated that these works were
to be done by the P. W. D. So,
the present President of the said
Sanitary board (Mr. Plenner) enquire
whether the works may or may not
be proceeded with as per Contracts
entered into by his predecessor. As
per orders of the late District
officer (Mr. Ramaanjenayee) the
Contractors have been told not to
go on with the works till receipt
of orders. One of them has written
to say that he has collected some
materials as per Contract and that
in case he is not to go on with
the work he should be paid
his

his expenses. For further particulars of expenses &c I enclose herein, the said Presidents letter No. 508 of the 31st May 1900 with its enclosures and solicit the favour of very early instructions thereon

I have the honor to be,
Sir,
Your most obedt Servant

President of the Local
Boards in the Kolar Distt.

2. Copies of letters

Sir,

I have the honor to bring to
your notice that the Governme
in Proceedings No. 5301-2. L.S. 17-99
dated 3d. November 1899 have
sanctioned the construction of
market, Slaughter Houses —
Sanitary Inspector and overseer
Lodges in Kolar Gold Fields.
and have also sanctioned
a grant of a loan of Rs. 20,000
to the Sanitary Board to
meet the probable cost of
the above buildings as the
Board would have no funds
in hand to carry on the work

On the receipt of the abov
Proceedings. the Sanitary Board

published a notice in 3 successive issues of the Mysore Gazette inviting contractors to submit their tenders with detailed plans and estimates with specification.

Accordingly the contractors submitted their tenders for the construction of the said Buildings. The successful contractors Burke and Gujjarappa were then made to enter into and agreement with my predecessor and contracts herein enclosed in original were drawn up and signed by both parties (and Burke had even started work on the market, but this has been stopped).

I now find from the Budget estimate that Government on the Budget submitted as I am informed by your office without reference to the office of the Sanitary Board Kolar Gold Fields, have only sanctioned the works as D.P. works.

I request to be informed whether this insertion by the Government of the words "as D.P.W. works" prevents the contracts for the execution of these works, already entered into and signed by my predecessor, can and from being executed & if so what should be done in the matter.

As regards the other information called for in your D.O. letter of the 5th Instant I have herein enclosed the copies of letters received from the contractors regarding the materials collected &c and request the favor of full instruction

instructions in the matter.

I have the honor to be
Sir,
Your Most obedient Servant

W. H. Sumner.

Bangalore
10.7.1900

Loan 67-99-4.

Dear Mr. Ramaswamiyer

I herewith return
Sanitary Board file for
which many thanks.

The position of the Board
appears to me to be as
follows in regard to
the Contracts for building

1. Govt order 5-301-2 L.F 17-
— 3rd Nov 1899 —
Sanctioned loan of Rs 20000
to be advanced as required
for buildings as proposed
by Board & for which Memo
was submitted to Govt.

2. Acting on the above the
Board called for tenders
for various buildings

in the Gazette of Jany 11th
1900
and certain tenders
for these buildings were
accepted at a meeting
of the Board held on July 21st
1900.

3. It was then discovered
that the greater portion
of these buildings had been
put down as D.P.W. work
in the Budget estimates
for 1899-00.

This was apparently done
by the Dept. Commissioner
of Police (His Orders No 490 dated
26th Dec 1899)
without communicating
with the Board and for
order thereon was passed
only on the 9th April 1900 i.e

after the Board had already accepted Contract.

4. The Board was doubtless in error in accepting Contract without having first submitted the plans & estimates to Govt but they were not advised of this until after the Contract had been accepted.

5. As soon as the Board became aware of the above error the President of the Board forwarded the plans & Estimates to Govt for Approval —

(Letter No 328 - 26th March 1900.

sent with Deputy Commissioners Docket No 697 - 3rd April 1900

270 m

The above plans & estimates have been forwarded to the Supt. Engineer Sanitary Works with letter

No. 1786 - 25/4/00

L.J. 17-99

and they and the above still pending with him.

---

6. The question now remains - What is to be done in the matter? The contract for these buildings having been let - the contractors are demanding extension for the delay in carrying the works.

Either the buildings are

urgently required.

The expenditure must now be included in the Budget for 1900-1901

Apparently only 3 courses are open either :-

(a) To place the whole amount for these buildings in the Budget for 1900-1901 as work to be carried out by Sanitary Board and for Govt to sanction the plans & estimates already submitted (and accepted by Board)

or (b) for the D.P.W to accept the contract made by the Board & carry out the work. or

(c) to revoke the contracts already accepted by Board and start afresh.

32

It appears to me the course (a) would be the simplest and best - it might be possible to introduce some slight modification into the plans if found necessary after receiving Mr Lee's report

Course (a) would not I think be probable to the D.P.W.

and course (c) would involve much expense & possibly legal proceedings

=

I should be much obliged if you will kindly

place any private
remarks alongside
any of the above para
which you think would
be of assistance to me
I shall then place a
memo suggesting
before the next
meeting for submissi
to Govt

Regret me to suggest that
in future correspondence
may pass directly between
the President of the Board
and the Govt dealing
circular through the
Deputy-Commissioner who
is strictly speaking not a
member of the Board and does
not attend the meetings.

I would have liked

and labour
I leave for the Forest
Fields on Friday
morning and will
be greatly obliged if
you can let me
have any remarks
which you may
have before then.

Yours sincerely
W. Fraser Esq

35 Bangalore (11)
11-7-

Dear Sir, Ref. your D.O. of the 10th inst.
Ans 67-99-5

I see no objection, in the first place, to the works in question being shown under "B.Works to be executed by the Sanitary Board" in the current year's budget, which was returned to the President some time back for revision.

Before we can say definitely whether the action of the Board is to be ratified or not, we will have to await Mr.Lee's report on the plans and estimates sent to him to be checked. An urgent D.O. reminder (may) should now be sent to him.

If Mr.Lee shows that they are unsuitable or disadvantageous, then probably Government will revoke the contracts, the acceptance of which without reference to Government was ultra vires on the part of the Board. Not having access to the papers relating to the call for tenders and the conditions attached to the successful one I am unable to say whether the Board could not itself, in certain events (such as an unfavourable professional report), repudiate the contracts without incurring a liability to legal proceedings.

But supposing that Mr.Lee approves of the plans and estimates or does not suggest any very extensive alterations, Government might be dis-

posed to approve of the works of the being proceeded with under the supervision of the Sanitary Board, and subject to periodical inspection by P.W. officers.

It won't do of course to ask that Department to accept contracts as to which it has not been consulted. But in the event of the contracts being cancelled, the works may be ordered to be carried out independently by P.W. agency.

Lastly, the proposal regarding direct correspondence is not in accordance with existing practice in such cases. Also, I believe that in British India the law expressly requires that such correspondence should pass through the chief executive officer of the District, irrespective of the fact of his not being a ~~member of the local body~~. The abolition of such a sound rule would prevent ~~his~~ exercising any efficient check on the irregular or unbusinesslike actions of local bodies in the District.

Yours sincerely
H.S. Chandrasekhara

11-7-00.

Yours sincerely

Send the accompanying D.O. reminder to Mr. Lee. Also an official reminder in the usual course thro' the Chief Engineer - along with the D.O. & draft reply.

Many thanks for this lucid note which I have turned into a ref from my key. The ref has gone - Kindly send an urgent reminder to Mr Lee. 11/7/00

Called to keep

39 1900.

From The Superintending Engineer
Sanitary works.

To.

The Secretary to the Government of Mysore
General and Revenue Departments

Thro: The Chief Engineer of Mysore.

Dated. Bangalore 14th/16th July 1900.

No: 1463/295

His No: 1186/17-99 of 25th April 1900 forwarding plans and Estimates for buildings to be constructed at the Kolar Gold Fields, for check and return with Opinion.

In returning herewith the plans and Estimates checked, has the honor to report that the Estimates are correct as far as they go, but the plans are not, in the Opinion of the undersigned, quite suitable for the purpose they are intended for.

II The Salary of the Sanitary Inspector

is Rupees 200/- and he should be accommodate in a house at least as good as the P. W. D. typ plan for Lady Apothicaries, the cost of which will be Rupees 4,190. (vide plan & Estimate attached against Rupees 2,643. of the Sanitary Board's Estimate.

III. The houses for the Sanitary overseers are also not quite suitable. The cost of these by re arranging the Out houses has, however, been reduced from Rupees 1,500 to Rupees 1,436. (vide plan and Estimate).

IV In the plan of the Slaughter-house, no roofing is provided for the cutting room and no enclosures for Sharp pens, which are essential. An improved design providing for the above is submitted; it costs Rupees 2,470. as against Rupees 1505. of the Sanitary Boards Estimate.

V As regards plan of the market

The undersigned Encloses Copy of a Memo Submitted to the Plague Commissioner and Submits a Plan and Estimate according to proposals therein made, amounting to Rupees 8,500/- as against the Boards Estimate of Rupees 11,313,

VI The total cost of the buildings Compares as under with the Budget provision:-

Items of work	Sanitary Boards Estimate	Estimate as prepared in this Office	Budget provision
Market	11,313	8500	4,000
Slaughter houses 3 @ 1505=	4515	3 @ 2470=7410	6,000
Quarters for Sanitary Inspector	2643	4190	3,000
do- for two Overseers 2 @ 1510=3020		2 @ 1436=2872	2500
Total	21491	22,972	15,500

& non offl. member.

1. Read Letter No. 876 / C.F.17-99 dated 20-
July 1900 from General & Revenue
Secretary to the President Local
Fund Boards Kolar Distt forwar-
-ded by President Local Fund Boa
endorsement No. 245 dated 22d.
July 1900 returning the Plans and
Estimates of the Sanitary Board f
the Construction of Khandy Enclo

Slaughter House and Sanitary Inspector and overseer's quarters together with the Revised Plans and Estimates prepared by Mr. Standish Lee - Superintending Engineer Sanitary works and requesting the opinion of the Sanitary Board as to their suitability

Resolved - That Mr. Standish Lee's revised Plans and estimates of the Shaudy Enclosure - be accepted with the following modifications - A. Shaudy Enclosure

(1). That the gate be made with one centre way 12 feet wide for carts provided with 2 good iron gates and a foot way on each side 4 feet wide, each with an iron gate - .

(2). That opposite the entrance one A- way of 12 feet wide provided with iron gates, be made -

(3) That, as the flat form accomodation

now proposed is insufficient. the 5 feet space now shewn on the plan between the wall and inner black line be widened to 9 feet and flat forms placed the whole way round inside the walls. any shifting of the flat forms now shown in the plan rendered thereby necessary, being made.

(4). That provision be made for the efficient drainage of the place.

B. Slaughter House. That Mr Lees revised plan be accepted but that the Board consider that the following alterations are desirable.

(1). That a sheep & goat pen be placed outside the slaughter-house altogether, to take about 60 animals

(2). That a gate-way to admit

for removal of dung cases &
carts entering the yard be provided
in the end opposite the Cutting room

3). That the sheep pen and entrance
next the cesspool be converted into a
Cleaning room for entrails.

(4). It was further decided that
Mr. Lee be asked to provide a plan
and estimate for a cattle Slaughter
House for a maximum No. of 30 to 40
head.

Resolved. That Mr. Lee's revised plan be accepted but that the present store room be converted into a bath room and that two store rooms be provided on the back Verandah, one next each of the bath rooms.

C. Sanitary Inspectors quarters.

D. Sanitary overseer's quarters.

That the Board considers Mr. Lee's plan is insufficient for the requirements of the Overseers and would

Suggest that a fresh Plan be prepared providing for a some-what larger bed room, cook room, and store room and giving another room as an office or sitting room separate from the dining room and the whole provided with better ventilation and lighting.

II It was further resolved that Mr Smeeth's offer of arranging to meet and discuss the above modifications with Mr Lee be thankfully accepted.

III Resolved:- That in View of the fact that these revised Plans and Estimates will involve a greater expenditure than was at first anticipated by the Board, Government be requested to return the Board's Budget estimates for the year 1900-1901 for revision-

IV Resolved - That the acceptance of the revised Plans and Estimates as above be conditional on the Contracts for the same being given to the Contractors with whom agreements for the original Plans and Estimates had been already entered into by the Board and that the work be carried out under the supervision of the Superintending Engineer Sanitary works Department.

V Read Plague Commissioner's letter No 164 dated 19th July 1900 forwarding Copy of Superintending Engineer's letter No 140/564 dated 13th July 1900 and requesting the Board to remit to the Superintending Engineer the amount of Rs 70 incurred by him in obtaining Plans of Calcutta and Poona market places.

Resolved - That the amount of Rs 70/ mentioned therein should be met from the Funds alloted to the Sanitary

works Department for development
of the Coorgaum New Town and is
not chargeable to the Sanitary Board

VI

Read and approved President's Memo
dated 20th July 1900 regarding arrange
=ments made for leasing Contract
for collection of Slaughter House fees
in the Coorgaum temporary slaughter
House and containing proposals to
issue tenders for contract for collect
of Slaughter House fees in temporar
Slaughter Houses to be erected for
Coorgaum Shandy -

Sir,

I have the honor to
forward herewith Copy
Comptroller's objection Con
tained in his docket
1610 dated 15th April 190
67.99.

The charge for Constr
ing temporary slaughte
houses at Coregaum wa
incurred as the slaughte
houses were an urgent
necessity and a remuner
tive source of Revenue. It

right to slaughter in them for the balance of the year 4½ months fetched 550/ more than carrying the Cost of Construction.

The amounts spent on avenue trees were necessary for the proper Conservancy of the trees already planted by the Board.

I request therefore that you will be so good as to obtain the sanction of Government to the above Charges.

I have the honor to be
Sir,
Your Most obedient Servant.

Mysore - Bangalore

Sir,

With reference to your letter No 15329. dated 27th April 1901, I have the honor to report that the Sanitary Board in their Proceedings of a meeting held on 30th September 1899 proposed to have 3 slaughter houses erected in 3 diffe places. one at Balaghaut one at Coregaum Bhandy and another at Narikuppum and asked the Government to grant a

loan of Rs. 20,000 @ 4 per cent per annum to meet the Cost of the above and other buildings. The Government sanctioned the loan in their Proceedings No. 5301-2 L.7-17-99 dated 3d. November 1899.

On receipt of the said Proceedings the Board gave out the Contracts for the buildings and work thereon was Commenced but subsequently on receipt of a Budget estimate direct from the Deputy Commissioner Government sanctioned the Construction of the said buildings by the Sanitary C. W. Department.

The Board accordingly stopped the work and handed over the Contracts to the Sanitary C. W. Department.

Owing to lengthy delays in getting on with the Construction of these Slaughter houses by the Sanitary C. W Department, and in order to avoid the loss accruing

to the Board for want of places to which slaughtering could be confined. Certain sites were fixed at convenient centers and temporary enclosures erected the Contracts for which were put up to auction; part of the Contract providing that Contractors should erect their own temporary slaughter houses of tatty and bamboos.

These terms were agreed to and four temporary slaughter houses were framed two near the Coegaum Khandy and two St Steven's Camp and the Contractor paid the Board Rs. 2900/ for the privelege but with regards to two other slaughter houses namely one for Cattle another for sheep at Coegaum Camp as the butchers formed a ring and no Contractor would come forward the Board erected the

two enclosures for Rs. 287-"-"- and after-
-wards sold the license for Rs. 550/. Sanction
of Government is now requested to the
Cost of for Constructing these enclosures.

As the expenditure on these
Slaughter houses was more than Covered
by the amount realized by the
Sale of the license the sanction of Govt.
was not Considered necessary.

In this Connection I would call
the attention of Government to the
delay of the Sanitary & Dr. Department
in Carrying out the Construction of the
weekly market and Slaughter houses
near the Organum New Town.

This delay has Caused a loss
of Revenue of several thousands Rupees
to the Sanitary Board, as it is impossible
to levy any market fees owing to the
want of a proper market enclosure.

If the Board had not taken the matter into their own hands and given out temporary Contracts this loss would have further extended to the Slaughter houses and the Revenue of Rs. 2900—"—" above mentioned would not have been realized.

I have the honor to be

Sir,

Your Most obedient Servant

for R. B. Turner
President
Sanitary Board
Kolar Gold Fields.
